

GLENCORE

To Whom It May Concern,

It is with great pleasure that I recommend Palesa Doods as a guest speaker. We recently had the privilege of working with her on our Women's Day celebration at Glencore, where she delivered an inspiring and impactful keynote address.

Palesa brought a unique blend of authenticity, insight, and passion to the stage. Her message resonated deeply with our audience, touching on themes of personal branding, effective communication, empowerment, resilience, and leadership. Through sharing real life experiences and thoughtful reflection, she created a space for meaningful self-reflection and personal growth.

Beyond her eloquence and presence, Palesa demonstrated a genuine commitment to uplifting our women through imparting skills and knowledge. Palesa has a remarkable ability to help individuals develop their authentic voice and communication presence. She engaged with attendees before and after the event, offering encouragement, advice and wisdom that extended well beyond the keynote.

I wholeheartedly endorse Palesa as a speaker who will elevate your event and leave a lasting impression on your audience. Her expertise, professionalism, and genuine commitment to her clients' success make her an invaluable resource.

Regards,

Lucinda Moseleni
